Important Conditions:

Every product available in the Klarius emissions control range is covered by a 2 year or 24,000 miles (whichever comes first) warranty as standard.

DPF's are only covered for structural failure.

Please note that blocked DPF's are not covered under warranty - A blocked DPF is not a warranty issue as the blockage is a symptom of another issue.

Cat warranty returns for emissions failure must be accompanied by the emissions failure report, including the 4 gas test analysis report. All warranty claims must be returned to Klarius for investigation.
